Selection of Chairmen Is Detail Preceding Conventions

SACRAMENTO, Sept. 15.—Definite plans for the organization and platform to be adopted by the five state conventions which meet at 2 o'clock this afternoon were decided upon at caucuses this morning, although the party leaders of each convention have adopted secrecy as to many of their plans.

The Progressives have decided upon W. A. Johnston of San Dimas as the permanent chairman of the state convention. Governor Johnson will open the meeting. The choice for chairman was between Johnston, Frank Benson of Santa Clara and W. F. Chandler of Fresno. It is believed Percy Long will head the state central committee, replacing Daniel Ryan of San Francisco.

A platform endorsing the administration of Governor Johnson and proposed Progressive legislation is being prepared.

REPORTS FROM REPUBLICAN COUNCILS are that Frank C. Jordan, secretary of state, will call the convention to order. Charles F. Furr of Del Norte will be chairman of the convention, with Walter R. Bacon, Captain Fredericks' campaign manager, as chairman of the state central committee. Alfred L. Bartlett of Los Angeles is slated for secretary of the convention. Several platforms have been proposed for adoption and in most of them many so-called Progressive planks appear.

It is reported from the Democratic head circles that Fred H. Hall, defeated candidate for the Democratic nomination for governor, will be chairman of the convention. Dan

GERMAN REINFORCEMENTS ARE RUSHED, IS BELIEF

By Associated Press.

BERLIN (via Copenhagen and London), Sept. 15, 6:30 a. m.—The Germans presumably are pushing reinforcements forward and the announcement that their armies, with a united front, have resumed the offensive may be expected in two or three days.

Much probably depends on the rapidity with which the army under the crown prince completes the isolation of Verdun and shakes itself loose from this obstacle in order to be in a position to resume major operations.

BATTLE FAVORABLE, IS REPORT IN BERLIN

By Associated Press.

BERLIN (via Copenhagen and London), Sept. 15, 6:30 a. m.—Another day has passed without news of the great battle near Paris, concerning which no reports nor details have been available since a week ago. The general staff, in response to a query, characterized the general situation as "favorable," but refrained from any comment whatever on the cause of the delay since the first day of the English and French attacks and the withdrawal of the German right wing on September 6. A report which was in circulation in parliamentary circles last night that the operations had already resulted in a great victory found no confirmation. On the contrary, it appears that the battle has still not been decided in a short time.

The Belgian army, which is quite surrounded, offered no statements here, has been attempting through repeated sorties from Antwerp to play at least a part in the war. (The censor has here deleted further reference to the operations around Antwerp.)

Reports come of small battles with scattered French forces in southern Alsace, near Thann, Gebweiler and Sulz, but with the exception of these, there is no news from the west.

U. S. Troops Are Withdrawn From Vera Cruz

LAND ENCOUNTER BETWEEN TEUTONS AND ORIENTALS

By Associated Press.

CHIMO, Shan Tung Province China, Sunday, Sept. 13, 1:30 p. m., via Pekin, Sept. 15.—The first encounter between German and Japanese soldiers on land occurred this morning, when a number of sharp skirmishes took place between patrols of the contesting forces at a point close to Chi Mo.

Previously to these engagements a German aeroplane flew over the district. The Japanese fired on the machine, but without success.

A considerable Japanese force is reported twenty-five miles to the north of here.

A dispatch received here from Wei Hsien (sixty miles north-west of Kiao Chow), says that the Japanese troops arrived there Saturday.

GERMAN CROWN PRINCE IN PERIL?

By Associated Press.

LONDON, Sept. 15.—The correspondent of the Times at Bordeaux, dealing with what he terms the precarious position of the German crown prince, who is threatened with complete envelopment if he seeks his fortune on the plains of Chalons, says:

"It is possible that if he is strong enough to hold the Argonne forest that the Germans may complete a change of front and swing their armies on the pivot of Argonne around to the Meuse valley, in which case General von Kluck's army will find itself in the position of outside running, such as at the bend of a racing track, and might be unable to get around in time."

It looks at present as though the whole German army is withdrawing to make a stand on the Peronne-St. Quentin-Vervins-Mezieres line, which would give them a line of retreat through Luxembourg. This is known to have been prepared by the sappers for a determined defense.

FAMOUS OFFICERS DIE IN BATTLE

By Associated Press.

PARIS, Sept. 15.—In a late list of casualties made public is the announcement of the death of General Charles Roques, who was killed by being struck in the head by a bullet near Barle-Duc, and of Captain Raoul Duconedde de Kergoualer. The latter was a grandson of General de Montholon and a great-grandson of "Brave" Duconedde, a celebrated Breton sailor, who commanded La Surveillante in 1799 in the famous fight with the British ship Quebec.

General Roques had just been promoted on the field to be a general of division when he was killed.

GENERAL, DEFEATED, SHOOTS SELF

LONDON, Sept. 15.—A dispatch to the Standard from Petrograd says:

"The fiercest fighting of all that which preceded the Russian victory at Lubin was in a gorge near the village of Mikolajeff, which the Russian soldiers reverently named the 'Valley of Death.' The gorge was full of dead men, lying in heaps, according to a soldier who reached here today."

By Associated Press.

LONDON, Sept. 15, 4:05 p. m.—A statement given out by the official press bureau this afternoon says:

"The enemy are still occupying a strong position to the north of the Aisne and fighting is going on along the whole line." The army of the Crown Prince has been driven farther back and is now on the line of Varennes, Consenvoye and Ornes.

"The allied troops have occupied Rheims."

"Six hundred prisoners and 12 guns were captured yesterday by the corps on the right of the British."

"Rain has made the roads heavy and is increasing the difficulty of the German army in its retreat."

REPORT SURRENDER OF VON KLUCK'S ARMY.

By Associated Press.

LONDON, Sept. 15, 2 p. m.—The correspondent of the Central News at Dieppe, under date of Monday, September 14, transmits a report that the German army under General von Kluck has been forced to surrender. The correspondent says:

"A report has reached Dieppe that the extreme left of the allies, after making an encircling movement by way of Roye and Ham and joining a force from the Boulogne district, has compelled General von Kluck to surrender with, according to one statement, 14,000 men, and according to another statement, with 25,000 men and a quantity of guns and war material."

General Von Kluck has been operating on the German right wing and has completely been opposed to the left wing of the allies. His army has been retiring before the allies for several days.

Roye and Ham are to the southeast of Amiens and were occupied by the Germans two days ago. Recent reports show that these towns are now in the possession of the allies.

BRIEF VIEW ALONG BATTLE LINE

By Associated Press.

Further Petrograd dispatches estimate the casualties of the Austrians in Galicia to total 300,000, nearly one-third of their forces.

Sharp skirmishes have taken place in the Shan Tung Peninsula of China between the German defenders of the Kiao Chow concession and a Japanese landing force.

The German submarine which sank the British cruiser Pathfinder with a loss of 246 lives, is reported to have been destroyed by the fire of several British cruisers.

A measure was introduced in the British Parliament today suspending until after the war the proceedings on the Irish Home Rule and the Welsh disestablishment bills.

Reports regarding the operations in East Prussia contradict each other. From Petrograd it is said that General Rennenkampf has resumed the offensive and that the investment of Kovensberg is in progress. Berlin advises, however, are to the effect that the Russian general has suffered defeat nearly as severely as that of the Russian disaster at Allenstein.

Queen Wilhelmina, opening Parliament in person, emphasized the necessity of the Netherlands maintaining the strictest neutrality in the war.

Germany's armies to the north and the east of Paris, after retreating for upward of fifty miles toward the Belgian frontier, today making a determined stand along the River Aisne.

The sinking of the German protected cruiser Hela of 2040 tons by a submarine of the allied fleet is announced in an official statement issued at Berlin. A major part of the crew was saved.

A news agency dispatch from Dieppe says that General von Kluck has been enveloped by a French movement and forced to surrender with a large command and a quantity of guns and ammunition.

The German general staff, however, announced today that heavy engagements were being fought by General von Kluck's right wing to the northeast of Paris without a decisive result so far. The French attempts to break through the German lines were said to have been repulsed.

self does not know exactly, the forces in retreat not being always master of their own movements.

Having passed the line of Comiegne and Soissons, where a defense had been prepared, it was thought he could not make a stand before the Meuse was reached. Yesterday's communications, however, created some confusion on this point, the first saying that the allies had crossed the Aisne river, and the second stating that the Germans were trying to make a stand on the Aisne.

No doubt the line referred to in the later communication is that from Laon to Soissons, which is the most favorable position for a rally on this side the Meuse. A halt there, however, is accompanied by immense danger from a flanking movement and the experts look for news of a continuation of the retreat today.

OBSCURITY OF CENSORSHIP.

The rigid censorship leaves room for all sorts of hypotheses. One of these is that the allies in their retreat south left a strong force at Rheims which is prepared now to make trouble for the armies of Generals Von Kluck and Von Buelow or the armies of Generals Von Hausen and the Prince of Wurtemberg, thus preventing another concentration movement towards Sedan, which is considered the only chance of reuniting the entire force.

Another confusion has arisen regarding the army of Crown Prince Frederick William, reported operating in the forest of Argonne. The Crown Prince is said also to have evacuated Lorraine; but this report is contradictory, for the army in Argonne has not yet succeeded in getting out and at last accounts was in great danger of being, in part at least, kept in.

These troops are threatened by both Verdun and Rheims and have only narrow and difficult passages to get through. Important developments for today in this region are hinted at, but the war office keeps its secrets so well that it is difficult to predict what is expected, though the natural supposition is an enveloping movement by the army of Verdun.

Trainloads of booty, wounded and prisoners continue to arrive from the line of General Von Kluck's retreat, but details of the actions are lacking.

BELGIANS WIN AT ALOST.

By Associated Press.

LONDON, Sept. 15, 10:35 a. m.—An engagement took place yesterday near Alost, fifteen miles northwest of Brussels, between German cavalry and a Belgian quick-firing detachment in motor cars, according to an Ostend dispatch to Reuters' Telegram Company. The German losses are reported to be heavy.

Twenty thousand Germans, the dispatch says, have evacuated Alost hastily to reinforce their troops elsewhere. Before their departure the Germans removed their flag, which had been flying over the railway station.

Contrary to reports previously circulated, the prison at Louvain remains intact and still holds prisoners.

EASTERN ARMY RETREATS.

By Associated Press.

PARIS, Sept. 15, 2:55 p. m.—The western and central armies of the German forces continued their resistance today north of the river Aisne and north of Rheims and Chalons, while the eastern army is retreating. This is the substance of the French official communication given out this afternoon. The text of the communication is as follows:

"On our left wing, during the day of yesterday the Germans offered resistance on the north side of the river Aisne along a line marked by the forest of L'Aigle and Craonne, twelve miles southeast of Laon.

"On our center the German line of resistance was located yesterday to the north of Rheims and of Chalons. In order to reach Vienna, the town in the western section of the Argonne region, the forces of the enemy which were in the southern part of the Argonne, hastened their movement of retreat. 'NO DECISIVE RESULTS,' SAYS BERLIN

By Associated Press.

BERLIN, Sept. 15 (via Amsterdam and London, 12:30 p. m.)—The German general staff today gave out the following announcement: "In the western theater of war the night of Sept. 14 has been

engaged in heavy but un decisive battles. The French, who endeavor to break through our lines, were not successful. At other points where there has been fighting no decisive results have been reached."

ROMANS CHEER VICTORY OF ALLIES

the Argonne region and the river Meuse their front yesterday at the end of the day, extended from Varennes to Consenvoye.

"On our right wing the Germans were doubling back on Etain, in France, and on Metz, Delme and Chateau Salins, all in Lorraine.

"In the Vosges and in Alsace the situation is unchanged.

"In Belgium the Belgian army is continuing to operate around Antwerp, causing serious losses to the enemy."

CROWN PRINCE'S PLACE.

By Associated Press.

LONDON, Sept. 15, 10:10 a. m.—For once military critics on both sides agree that the outcome of the campaign in the western area depends on the results of the operations of the Crown Prince's army before Verdun, but on the question of accomplished fact the divergence of opinion is as wide as ever. Berlin maintains that the investment of Verdun is now complete and therefore expects that within two or three days there will be a resumption of the offensive along the whole German front.

On the other hand the latest official communication issued in behalf of the allies states that the Crown Prince has been driven back and has moved his headquarters from Sainte Meneshold, south of Rheims, to Montcaumon, about fifteen miles northeast.

Berlin admits that the weakened German right wing has been turned back, but discounts the reverse by maintaining that it will have no effect on the general forward movement to be initiated when Verdun falls.

A candid statement of General Joffre regarding the sort of warfare his troops are capable of waging indicates that the French are now in a position to take up the game of

battle on their own terms and in a country of their own choosing.

General Joffre is now a national hero, after conducting the great retreat that caused him to be called many hard names. He declares that the strict discipline of the German soldier made him an ideal instrument for a crushing onslaught with superior numbers, while the French soldiers, without adequate fortified bases and in a generally level country, could not assume that extended order under which they make the best showing.

So far as the moral effect goes the recapture of Rheims probably means more to the French army than the rolling up of the German, left wing beyond Verdun, so that the battle line on the Aisne, already the scene of a sanguinary battle, is today undoubtedly the scene of a stubborn struggle of the fiercest description.

MAY SURROUND AUSTRIANS. Petrograd reports that although news of damage from General Brusilov's army and part of General Ruzsky's forces is still to be heard from, it is estimated that the Austrian forces have lost one-third of their available personnel and two-thirds of their artillery. It is estimated that the Russian generals now hope to bottle up the Austrians and their German contingents in Przemyel, which is an Austrian Metz. No hope is expected for the early capture of this fortress, but it is expected that the remnants of Austro-Hungarian forces will be kept within its walls until the end of the war.

Reports of operations on the east Prussian frontier are contradictory. According to Petrograd, General Rennenkampf has resumed the offensive after winning an engagement on the border, while the same Russian sources report that the investment of Koenigsberg is continuing. On the other hand Berlin states that Rennenkampf's defeat is almost as great as the preceding Russian disaster in this region.

SLIGHT NAVAL ISSUE.

Interest in the naval phase of the war has been somewhat stirred by the news from Berlin of the destruction of the German light cruiser Hela by a submarine, but it is expected that the loss of the cruiser Pathfinder has been avenged by the sinking of her submarine antagonist, which went down under a hail of shots from British ships.

Outside the zone of military operations the chief interest centers in the efforts of the German, Dutch and French governments to forestall the possibility of famine among their peoples by regulating the use of certain staples. The regulations not only forbid the use of more than a certain amount of these staples for purposes other than for food, but instruct the people in the most economical way to use them.

The story that Russian troops had been landed on the continent after coming via England from Archangel has met with formal and specific denial both from the English official press bureau and from Belgian official sources.

GERMANS CLAIM SUCCESS.

A dispatch from the German general on the battle of the Marne, received in London today, suffered at the hands of the censor. In its truncated form the only claim for German arms is that of having successfully defeated the French endeavor to break through the German line.

This apparently is quite true, unless the report from Dieppe this afternoon alleging that General von Kluck's army on the German right had been forced to surrender, turns out to be correct. Up to the present there has been no confirmation of the story.

In any case, from the estimate given of the numbers of the troops surrendered, which, according to one report was 14,000, and according to another 25,000, it would be a misnomer to call it a surrender of General von Kluck's army, which must total in the neighborhood of 100,000.

HIS SORRY POSITION.

That von Kluck's position is a difficult one seems to be unquestionable, if, as reported, the German line is swinging its extreme right back to the Meuse in the vicinity of Metziers, St. Quentin and Peronne.

General von Kluck, however, has shown masterful skill and, even should he have been forced to sacrifice a part of his army to an of-

fensive strategy of the British and French allies, unless beaten by a break in the weather, which is turning the roads into quagmires and making transport most difficult, observers here are of the opinion that he will reach his appointed position.

Large German Forces in East Prussia

By Associated Press.

LONDON, Sept. 15.—A dispatch from Petrograd to the Post, telling of the operations on the Russian frontier, says: "The Germans have concentrated enormous forces in East Prussia, causing a corresponding retirement on the part of the Russians."

"The Germans, in aid of the hard-pressed armies on the Austrian frontier, attempted to drive in with an overwhelming force along the line from Nordenburg to Goldap upon the Russian base. At the same time Russia has been drawing upon its forces in East Prussia for reinforcements against the Austrian front. Thus the German attempt was well-timed. General Rennenkampf, however, by clever maneuvering, succeeded in driving back the Germans with heavy losses."

The Austrian army, which is retreating from Przemyel includes one whole German army corps and part of another. These forces are lost to Germany for the duration of the war for they will be locked up in Przemyel, which the Russians must take by a prolonged siege.

"Enormous numbers of maxims and field guns which were captured by the Russians, have been everywhere immediately turned against their old owners. The Galician railways have been placed under the administration system."

"The following incident of the Russian pursuit and the Austrian retreat has been reported against by a trustworthy man of the scouts regiment from the wide rough Vistula river, and succeeded in blowing up or setting afire an enormous quantity of the stores of the retreating Austrians, including two Austrian steamboats, seventeen pontoons, eighteen laden barges, a large number of smaller rafts and a considerable quantity of military equipment. This daring act, which was done under cover of darkness, was one of the main causes of Austrian distress on the retreat. A large part of the Austrian army is suffering from hunger as a result of the destruction of its commissariat."

Austrian Frontier Defense Is Sent Against Russians

By Associated Press.

LONDON, Sept. 15.—A Reuter dispatch from Rome quotes the Giornale d'Italia as saying:

"Austria has removed her first line of troops from the Italian frontier, especially the frontier riflemen. The Alpine sharpshooters are needed against the Russians, but the Austrians have prepared a defense of the frontier with German, Russian and members of the Landsturm and Landwehr, besides they have cut entrenchments eight feet wide and ten feet deep."

"A possible landing of Italians at Trieste, which is unfortified, has been reported against by a trustworthy man of the Campo Marzio mill, which overlooks the town, and by blockhouses around the Gulf of Trieste. The remainder of the coast of Istria and Dalmatia has been mined."

By Associated Press.

PARIS, Sept. 15.—A Petrograd dispatch to the Havas Agency reports that the Serbians have bombarded and destroyed the Hungarian station at Orsova, on the Danube, a short distance above where the river cuts Hungarian territory, thus cutting communication between Hungary and Romania. Orsova was the route by which the German sailors reached Turkey.

The Japanese Red Cross, the dispatch says, has sent to the scene of the war in Russia a field hospital of 150 beds.

Report Surrender of Germans in Africa

By Associated Press.

LONDON, Sept. 15, 1:02 a. m.—A dispatch from Cape Town to Reuters' Telegram Company says that the Fourth South African Mounted Rifles, commanded by Colonel Hatston, after two night marches, surprised the German force which had occupied a drift to miles from Steinkopf in the Namaqualand. After a sharp skirmish the Germans were compelled to surrender. Another Cape Town dispatch reports that the action took place at Ramans Drift, an important strategic point.

It was received by the Grand Duke and his staff and a procession of clergy."

President Returns to Confer on War Bill

By Associated Press.

WASHINGTON, Sept. 15.—President Wilson returned to the capital this morning at 11 o'clock and drove immediately to the White House, where he had a conference with Congressional leaders over the war revenue bill.

Senate Republicans at a conference today determined to fight any war revenue measure in any form.

Chairman Underwood of the ways and means committee yielded today to protests of Democrats against the tax on freight and the President, Underwood said, was not committed to a freight tax and would not insist on it.

Some Democrats, like the Republicans, are opposed to any war tax. The conference of the Republican Senators appointed Senators Smoot, McCumber, Smith of Michigan, Weeks and Sterling to take charge of the opposition and notify absentees to return at once, unless occupied with political campaigns.

SUBMARINE DESTROYS KAISER'S CRUISER

By Associated Press.

BERLIN, via Copenhagen, via London, Sept. 15.—It is officially announced that on the morning of September 13 the small cruiser Hela was sunk by a torpedo from a hostile submarine. Almost the whole of the crew were saved.

The German cruiser Hela was a small protected cruiser of 2040 tons. She was 235 feet long and carried a crew of 175 men. Her armament was not heavy, consisting chiefly of light guns. The Hela was laid down in 1895 and finished in 1896.

It is notable that the Hela was sunk by a submarine just as the British cruiser Pathfinder was sent to the bottom by a German submarine and it is probable that this was a reprisal on the part of the British for the loss of the Pathfinder. It was not announced where the Hela was sunk, but it is possible that it is the work of a British submarine which, a few days ago, was reported to have dashing into the harbor at Wilhelmshaven and fired torpedoes toward the vessels in the harbor.

BRITISH SINK SUBMARINE.

By Associated Press.

LONDON, Sept. 15, 5:05 p. m.—The Scotsman today states that the German submarine which sank the British cruiser Pathfinder has itself been sunk. On Wednesday last, according to the account, a part of the British fleet on the lookout for German submarines, became aware of the presence of one. The British vessels divided when the submarine appeared with only its periscope showing.

With grim patience the British cruisers waited for the reappearance of the submarine, which occurred in a dramatic fashion. By some miscalculation, probably in a final effort to escape the cruisers, the submarine's conning tower and upper structure suddenly appeared in the midst of the English vessels.

The conning tower was hardly broken the surface of the water when the first British gun marked it. The doomed vessel was within range of seven British cruisers and from every one of them guns crashed out in ten seconds seven shots entered the frail shell of the submarine.

The steamer Luxembourg sailed from Buenos Ayres on July 15 and touched at various ports.

Thinks Russia Gave France Its Success

By Associated Press.

PETROGRAD, via London, Sept. 15, 5:27 a. m.—Colonel Shumsky, the military correspondent of the Bourne Gazette, in a long criticism of what he terms the joint mistake of Austro-German strategy, the effects of which, he says, are now being revealed on both fronts, considers that the Galician victory was obtained at an opportune moment and that the transfer of German troops from the western to the eastern frontier has not attained its object.

He says it is fair to conclude that the Russian successes on the Austrian front and the Russian movement in East Prussia were the primary causes of the victory. And of the French armies. The shocks administered by the Russian army, he declares, have been so powerful that the Germans were obliged to recall a portion of their troops from France, thereby facilitating the French task.

Carnegie to Finance Great Peace Pageant

By Associated Press.

NEW YORK, Sept. 15.—Andrew Carnegie, in an effort to spread the idea of world-wide peace, is to furnish the money to produce a symbolic spectacle to be called "The Prince of Peace," according to an announcement made last night by a well-known theatrical producer of this city. This producer said he had completed the first plans for the production of Carnegie's direction, and the drama would be staged at an early date in New York. Carnegie is now on his way to America. It was said, and when he arrives final plans for the production will be announced.

COMMERCIAL CLUB WINS MEMBERS

Expansion Campaign Is Begun Auspiciously With Support of Businessmen.

The following unsolicited subscriptions for memberships in the Oakland Commercial Club were made at a meeting yesterday:	
Oakland Bank of Savings	40
Wickham Bank Inc.	30
H. C. Capwell Co.	25
Oakland Tribune	12
Layman Real Estate Co.	10
Abrahamson Brothers	10
Joseph H. King	10
Security Bank	8
Smith Brothers	6
Lawrence Warehouse Co.	5
C. J. Heesman	5
State Savings Bank	4
Oakland Enquirer	3
Sherman McDowell	2
Hotel Shattuck, Berkeley	2
Oakland Observer	2
Total	175

Under thirty captains, more than 100 members of the Oakland Commercial Club this morning began active work on the expansion campaign inaugurated by Joseph E. Caine, the club's managing director, and endorsed by every banker and big business man in the city.

When the men finished their first day's work, at noon, they reported to Caine that there was no trouble in securing applications for membership, and that Oakland's business and professional men, large and small, were responding readily and liberally to the campaign.

The captains and their men were chosen from among the "liver wires" of the club, and they did their work systematically and thoroughly. Each had a bunch of cards containing the names and addresses of business men, arranged according to streets and blocks, and every man was seen personally and told what the club had done and what it hoped to do to increase Oakland's prosperity. Hundreds of applications for membership were signed, and the results at the end of the first day, taking the first day as a sample, will be far better than even the sponsors of the plan expected.

BANK MAKES APPLICATION.

A surprise that was highly appreciated by Herman Bell, the president of the Commercial Club, and by Caine, was the application made at a luncheon at the Hotel Oakland, given to more than 200 of the present members, that they might hear the details of the new expansion plan. After Caine had finished speaking, J. Y. Eddleston, cashier of the Oakland Bank of Savings, announced that the bank officials "considered it their duty to carry 40 members in the enlarged club," and that it would take them.

This started a rush for membership. Walter Leimert, vice-president of Wickham Bank Inc., and H. C. Capwell of the H. C. Capwell Co., repeated their statement of Friday that they would take 30 and 25 memberships respectively. The OAKLAND TRIBUNE took 12, Layman Real Estate Company, Abrahamson Brothers and Joseph H. King took 10 each, the Security Bank asked for eight, the Lawrence Warehouse Company and C. J. Heesman asked for five each, the Oakland Enquirer and the State Savings Bank took four each and the Oakland Observer, J. Sherman McDowell of Alameda and the Hotel Shattuck of Berkeley claimed two each. This made a total of 175 memberships obtained in less than five minutes, and unsolicited at that.

The captains and their men met at the Commercial Club rooms in the Hotel Oakland for luncheon, and afterward held an "expansion meeting." Each reported that they had met with a most generous response to their efforts.

ELKS TO CELEBRATE OPENING CLUB ROOMS

The refurbishing of the club rooms of Oakland Lodge No. 17, E. P. O. E., have just been completed, and the entertainment committee has arranged for Friday evening, September 25.

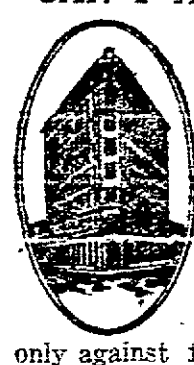

A reception and banquet will be held in the club rooms and the lodge room will be cleared for dancing.

The committee has engaged several cabaret entertainers and a 16-piece Hawaiian orchestra.

The members in charge of this affair are Fred Anderson, chairman, Ed Borwinski, George Crane, Wm. Hogarty and George Whipple.

If you want to know how to plant bulbs and how to select the best kinds, write for THE TRIBUNE'S Garden Department of September 6. Last Sunday's issue told about fall flower seed planting. Don't miss next week's article on "Planning the Garden."

DON'T ASK YOURSELF "CAN I AFFORD IT?"

but rather, "Can I afford to do without it?" referring, of course, to a safe deposit box in the steel vaults of the First National Bank. You recognize fire insurance as one of the necessities, and pay your premiums regularly for the protection of your property. A safe deposit box gives you insurance not only against fire, but against theft, or loss by carelessness. It is worth a great deal more than the small annual rental. Inspection of our vaults is invited between the hours of 8 a. m. and 6 p. m. daily.

SOCIETY TO PREVENT CRUELTY TO CHILDREN

Welfare League Approves Incorporation and Elects Directors of Organization

Letters of incorporation of the Alameda County Society for the Prevention of Cruelty to Children were approved and signed by the requisite number of names at a meeting of the Child Welfare League at the Hotel Oakland yesterday afternoon. It was then announced that the two societies would remain separate organizations, though directed by the same officers.

Opening the meeting with remarks on the widespread interest in prevention of cruelty work, Dr. Susan J. Fenton assured the new society that it would have the advice and support of many prominent individuals, from the district attorney to the Oakland pastors.

The directors whose names will go to Sacramento on the incorporation papers are:

Mrs. Nellie Nelson, Mrs. Katherine J. Van Wyham, Miss Beattie Wood, Mrs. Lucy A. McEntee, Mrs. Aurelia V. Peters, Mrs. Mary J. Crimmons, Mrs. Emma O'Burke, Mrs. Jennie L. Jordan, Miss Marie Theresa Russell, Miss Amelia Behr, Mrs. E. M. Hand, Mrs. A. Kenner, Mrs. Margaret H. Potts, Dr. Susan J. Fenton, Mrs. Elizabeth Wilson and Mrs. Cora L. White.

MEETINGS ARRANGED.

Dr. Fenton said the society will be well and the time of meeting will always be the second Monday of the month. The place will be that chosen by the Child Welfare League and the meeting of one organization will directly follow that of the other.

Concluding business relating to prevention of cruelty to children, the Welfare League heard two advocates of prohibition, Mrs. S. C. Borland, who spoke first, was introduced by Dr. Fenton, as "a woman associated with all good work in Oakland."

Mrs. Borland said that the growing opposition to alcohol was an opposition to inefficiency. The new attack on the liquor traffic was from an economic and practical standpoint. The habit of drinking, she asserted, had done more for the temperance cause than any campaign, as it caused responsible employers in various great businesses to insist on abstinence from drink by their employees.

EFFECTS OF PROHIBITION.

Mrs. Borland did not believe that "grass would grow in our streets" if the wine industry was destroyed, and alluded to the great prosperity and low mortality of Kansas. She knew it would be no easy matter, she said, to enforce prohibition for many years possibly, but she thought much would depend on public officials and on general education.

Earl Linsley, professor of geology at Mills College, said he had entered the campaign against alcohol because he, as a scientist, was a student and exploiter of facts. He considered that the facts were vitally important. Linsley emphasized the particular fact that in his opinion not the grape-grower but the licensed saloonman would be ruined by a dry law.

Both speakers laid stress on the medical fact that alcohol had no food value. Dr. Fenton, closing the meeting, urged a "backdoor" campaign by the women of Oakland for prohibition. And, she said, if all plans are carried out it will not be long before the butcher, the baker, the vegetable huckster and the garbage man are to be convinced that alcohol is a cell-destroying poison.

Under the auspices of the Woman's Foreign Missionary Society of the Methodist Episcopal Church, a public pageant, "The Torch Bearer," will be given Friday evening in the Eighth Avenue Methodist Episcopal Church of East Oakland, for the benefit of the women and children of pagan lands. The members of the Jennie V. Hughes Club of the Eighth Avenue Methodist Episcopal Church will appear in the production, which has been arranged in three parts. The pageant will display the educational progress throughout the world.

INCENDIARIES IMPERIL LIVES

Thomas Keller and Mother
Narrowly Escape Suf-
focation.

SAN FRANCISCO, Sept. 15.—Gasping for breath and almost suffocated by choking smoke which filled his room, Thomas Keller of 1025 Powell street, awakened this morning to find his house on fire. He aroused his mother, the only other occupant, and then went to the basement to investigate. There he discovered that an attempt had been made to burn down the premises, and after extinguishing the blaze with a hose, he investigated. A few moments' examination showed that two plain black coats and a number of newspapers had been stuffed in a crevice in the ceiling of a washroom in the cellar and a match applied. The coats did not belong in the house and were evidently carried there by an incendiary. Neither Keller nor his mother could throw any light on the identity of the culprit. They asserted that they had no enemies and knew no reason why anyone would want to destroy their home. They were unable to furnish the police the name of the owner of the place, which is rented by them from Madison & Burke, real estate agents.

CLUBMEN READY TO CROSS BATS

Charity Baseball Game and
Concert Attraction Offered
on Saturday.

On Saturday afternoon, September 19, at 3 o'clock the Athletic Club and the Oakland Commercial Club will vie for the J. F. Carlson silver trophy cup in a spirited game of baseball at the Oakland baseball park. A brass band of 50 instruments, under the direction of Glenn Woods, director of Oakland school bands, will play a half hour of music from 2:45 to 3:15 and at intervals of the game. Two teams from the Olympic Club of San Francisco will perform in wrestling matches and tumbling exhibitions before the grandstand and "Pac" La Rue and "Shrimp" Covington will engage in a "fistic combat," an event which guarantees to score a wonderful hit and produce masses of laughter.

The proceeds from the sale of the tickets to this ball game and concert will be devoted to the relief work of the Alameda County Anti-Tuberculosis Society, which is not only striving to prevent tuberculosis but is doing relief work by administering to those who have contracted tuberculosis.

Following are the Athletic Club members who are to participate in the ball game on Saturday afternoon:

Athletic Club ball players—Walters, Gills, Schwenck, Jenkins, Powell, Havens, Talcott, Gaslight, Kerr, Rafter, Knowles, McClellan, Penoyer, Gabriel, Davenport, Heath, Curtis, Crossley, Burrell, Orrick, W. Reed, Hawley, White, Sperry.

CATHOLIC FEDERATION OPPOSES PROHIBITION

SAN JOSE, Sept. 15.—Resolutions involving a determined stand against state-wide prohibition and outlining plans for a monster mass-meeting to be held in San Francisco a few days previous to the November election to protest against the state being voted dry were passed here yesterday by the California State Federation of German Catholics in convention.

Resolutions were also passed deploring the treatment of the Roman Catholic clergy in Mexico and a protest was sent to President Wilson asking that the United States refuse to recognize the present government of Mexico until the inhabitants are granted equal rights irrespective of religious belief.

The Rev. William Melchers, S. J., of San Jose was elected commissary of the federation, Robert Treat of San Francisco was re-elected president, John Nuner of San Francisco corresponding secretary and H. W. Gantner of San Francisco treasurer.

San Francisco was chosen as the meeting place in 1915. The convention adjourned last night following a banquet.

Mrs. George Law Smith, Mrs. Chas. E. Snook, Mrs. Gordon M. Elop, Miss Ruth Fiedale, Mrs. F. C. Turner, Mrs. Chas. von Koenigsberg, Mrs. Harry Manville were present.

POLICE BUTTONS CAUSE HIS WOES

Being a Tale of Sad Disaster
and Young Hopes Harshly
Frustrated.

Chief Petersen need send no more police protection to Mosswood Park. It is sufficiently policed as it is, for the small boys of the neighborhood have started a company of their own with uniforms, swords and buttons—always and above all, buttons. The buttons are gorgeous in the last color, yellow and green and silver, chosen to make the eyes of many a grown-up protector of the peace shine with envy.

They are very precious, those buttons, and like many precious things, great is the strife they awake. In fact, just this morning the career of one budding young policeman on the force was jeopardized and his walls of rage and anguish were terrible to hear, when Bill Jackson, captain of the force, wrongfully and intentionally, in the eyes of approved policeman style, stole a whole can of buttons, which, with much labor, he had just succeeded in fishing out of the garbage can near the tea house.

For the garbage can is where they find them, these buttons, which grown-ups perhaps would call the silver tops of soda and gin fizz bottles. Not that the police force out there care, but the price is high above rubles and Bill Jackson will go down in police history as one of the famous burglaries of the time. But all the same, it was a cruel advantage to have taken, for Jimmie's head was for the time being in a state where, gopher like, he was content for his buttons, when Bill stole up silently at his rear, grabbed the half-filled button can and fled.

Jimmie's cries were pitiful to hear, mixed with language unfit for publication.

"I can't be a policeman any more," he wailed, and his small shoulders shook. "My buttons is all gone."

DRY FEDERATION GIVES RECEPTION

Prohibitionist Gubernatorial
Candidate Guest of
Honor.

The Prohibitionists gave a reception last evening in the parlors of the First Baptist church to Clinton P. Moore, their candidate for Governor.

Some two hundred people were in attendance. Wm. Keeney Townner presided and the Sunday school band of the church furnished excellent music. State Chairman Charles R. Burger of Los Angeles was the first speaker and predicted that Southern California would come up to the Kern county divide with an overwhelming majority for the dry amendment.

Miss Marie C. Brahm urged all present to do personal work for the amendment. W. G. Calderwood, Prohibition candidate for Governor of Minnesota, spoke, urging the necessity of putting Prohibitionists in office and not turning the enforcement of the dry amendment over to wet officials. Harry H. Gill spoke on "The Power of Minorities."

Clinton P. Moore made the closing address, which was an appeal for the dry amendment and for the dry men nominated on the Prohibition ticket.

After the program refreshments were served by a committee composed of Mrs. J. M. Rinehart, Mrs. Wilson and Mrs. Rinehart, the rich grape juice being prepared by Mrs. Jesmer.

NO MORE HANGINGS IN OREGON TILL ELECTION

SALEM, Ore., Sept. 15.—Governor Weir yesterday announced that he would permit no more hangings in Oregon until after the November election, at which the people will vote on a measure to abolish capital punishment and after the next legislature meets in January.

In furtherance of his determination the governor has announced that John A. Pender and Lloyd Wilkins, now under sentence, will not be executed this month as scheduled. A measure for the abolition of capital punishment similar to the one now pending was overwhelmingly defeated at the last general election.

ENGINEERS NOT TO STRIKE.
ST. LOUIS, Mo., Sept. 15.—The engineers of the St. Louis Southwestern (Cotton Belt) railway will not participate in a strike of that railroad's trainmen should it be called because of the company's refusal to reinstate a conductor who was discharged a year ago. This announcement was made here last night after a conference between the engineers and other employees of the Cotton Belt. It was declared less than three-fourths of the engineers voted to strike.

Thin People Can Increase Weight

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "fat" should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and most any thin man or woman can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put.

Sargol does not of itself make fat, but mixing with your food, it turns the fats, sugars and starches of what you have eaten, into rich, ripe fat producing nourishment for the tissues and blood—prepares it in an easily assimilated form which the blood can readily accept. All this nourishment now passes from your body as waste. But Sargol stops the waste and does it quickly and makes the fat-producing contents of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive. Good food, drug stores and other leading purveyors of health and vitality sell it in large boxes—forty tablets to a package—on a guarantee of weight increase or money back.

BARBED WIRE USED IN MODERN WARFARE.

When the armies of the kaiser began their march through Belgium it was confidently expected that the resistance offered would be negligible and that the mighty hosts would be able to make a quick rush into Northern France, batter the republic into submission, take Paris and then move a large number of troops back to combat the czar. But the best laid schemes of mice and men gang aft agley. The Belgians held the invaders back for a fortnight, thus enabling France and England to mobilize for a stubborn resistance; a resistance that appears to have been successful and to have changed from the defensive to the offensive.

How was this advance of the Germans stayed? By machine guns and brave men is the natural answer, but machine guns and bravery would have counted for little but for the use of a Yankee invention—barbed wire. The awful rushes of the kaiser's troops would have been overwhelming in their results but for the use of barbed wire, the most fearful weapon of defense the ingenuity of man has adapted.

This wire is strung zig-zag in front of fortifications and there is no economy displayed in its use. The entanglements at Liege were one hundred feet wide and covered the entire front. Volunteers, doomed to death when offered the chance, perished by hundreds in an effort to cut this wire, which in many cases was connected to powerful dynamites which insured a certainty of death. While hundreds are endeavoring to cut these wires, a deadly fire rains down upon them, and despite the fact that charging masses are hot on the steps of the men whose duty it is to remove this impediment, human nature cannot stand the strain, and hence defeat after defeat was sustained.

Before barbed wire was invented abatis, made of trees with their limbs pointed or chevaux de frise, was employed. But compared with this modern device the abatis was simple. Barbed wire is one of the most murderous appliances of modern battles.

Somehow we have a hunch that the kaiser has resigned as admiral of the German navy. He does not appear to be using it to any great extent.

Wonder who has been censoring the California primary returns?

WOMAN QUALIFIED FOR STATE SUPERINTENDENT.

Mrs. N. E. Davidson, for twelve years County Superintendent of Schools of Kings County, has qualified as a candidate for State Superintendent of Public Instruction, her campaign having been one of the great surprises of the primary election. She did not make much of a display, but on the contrary did her work quietly and with great dignity, her experience, her successes and fitness for the office being the argument on which she and her friends relied.

Mrs. Davidson is one of the best-known educators in California. She is possessed of great charm of manner, is highly cultured and energetic. During her terms of office in Kings County she has built forty-two new school houses, raised the teachers' salaries and the standard of excellence in her home district.

Edward Hyatt, incumbent, made a strong fight for the place and had the advantage of the prestige his position brought him. Her other opponents, Allison Ware, head of the Chico Normal School; A. J. Cloud of San Francisco and Hugh Baldwin of San Diego, are all noted educators, and put up a strong fight, but Mrs. Davidson won and will make the race against Mr. Hyatt.

It is fitting that a woman should have a place on the state ticket for this non-partisan office, especially when she is endowed as highly as is Mrs. Davidson, and the prospects are she will be elected in November, because men and women alike are rallying to her support with a determination to make her selection emphatic, and by a majority so decisive there will be no mistake.

Looks as if the wurst was yet to come for Germany.

EDUCATIONAL INSTITUTIONS EXEMPTED FROM TAXATION.

Senate Constitutional Amendment No. 15, adding a new section to Article XIII, exempts from taxation buildings, grounds within which same are located not exceeding one hundred acres, equipment, securities and income used exclusively for educational purposes, of any educational institution of collegiate grade within this state not conducted for profit.

Inasmuch as there is no fight against the amendment it will doubtless carry. It is argued that every state in the union except California exempts college property from taxation and that as a result this state suffers a distinct disadvantage with patrons of education, such as the great philanthropic boards of the east. It is pointed out that Stanford University and Cogswell Polytechnic in San Francisco are exempt and the proposed amendment will abolish all discrimination.

The amendment was submitted without a dissenting vote in either house of the legislature.

THRIFTY STATESMAN FROM MISSISSIPPI.

United States Senator James K. Vardaman of Mississippi, who was formerly governor of the state, has not cut much of a figure in the upper house of Congress since his election. His colleague, John Sharp Williams, has been carrying off the honors. Whenever Mississippi was heard from to any extent it was Williams who held the floor, and when Vardaman got a chance to speak his remarks did not appear to have the force and effect of those submitted by his more talented companion.

But James K. bided his time. He knew that some day Opportunity would gallop along his pathway, and sure enough, she did. Following the appeal of President Wilson for a war tax to raise \$100,000,000, the Senator from Mississippi held an executive session with himself and when he adjourned he made a proposal on behalf of the dear people that all officials working for the National Government be taxed ten per cent of their salaries—himself and fellow members being included. Also that ten per cent be cut off all appropriation bills. Assuming the government as a billion dollar business, Vardaman figured that this plan would raise the mazuma and the great mass would escape being taxed.

Of course the suggestion was not taken seriously by anyone, not even Vardaman himself. It was a bluff pure and simple. It is like the offer of wealthy men to be one of a hundred or two hundred to give \$10,000 or \$20,000 each for a public benefit. That is the safest sort of enterprising philanthropy in which to indulge. Vardaman, however, received some advertising, as he contemplated, but it was a cheap variety.

Looks as if Kaiser William II would be a good man to get on the board of mediation.

Many newspapers are directing attention to the fact that the war in Europe is causing people to study up on geography. But the geography lesson is not the only one being taught by the strife.

MOBILIZED!

—BY THE OAKLAND TRIBUNE CARTOONIST

THE TRIBUNE IS THE NEWSPAPER OF TODAY.

No great power of discernment is necessary to demonstrate that THE TRIBUNE is first with the war news, as well as other news. THE TRIBUNE's three o'clock edition is off the press with all of the day's happenings in Europe, and the morning papers are simply a rehash of the news printed sixteen hours before in this paper. Night is falling in Europe when the last edition of THE TRIBUNE with its splendid service furnished by the Associated Press, combined with the European news gathering agencies, which fact enables this paper to print the very last word from the battlefields.

Those who read THE TRIBUNE and the morning papers have directed attention to this condition of affairs. It has been argued that this paper is first in the field with all the important happenings, while its morning competitors must needs come lumbering along sixteen hours afterward with the same tidings.

THE TRIBUNE is the only paper in Oakland enjoying the exclusive Associated Press service; it is the only paper that can get it and it is pleased because its news features are so superior to others and that it is first in the field with all the events of the day, both at home and abroad.

HELP COMMERCIAL CLUB IN EXPANSION CAMPAIGN.

Every business man, large or small, should join the Commercial Club's expansion campaign, which is being conducted for the purpose of making the organization the greatest of any of its kind in the country. In order to secure the co-operation of all business men the dues have been reduced to \$25 a year and the initiation fee abolished. The city is to be districted and covered by committees of prominent business men who will handle the work of soliciting members, and when these committees call they should be given encouragement.

This club is doing a splendid work. It is on a sound financial basis and its rooms are fitted in the best manner. It is growing, too, and during the years there has been a net gain of 200, making a total of 581, the largest of any club of its kind in the country.

It has been doing good work. It has secured thirty-six large conventions for next year and is now engaged in going after Oakland's share of the thousands of tourists who will visit the Panama-Pacific next year. It has secured a direct ferry route from this side of the bay to the grounds, has been active in harbor and other improvements and should be augmented in its membership because of the good it can do in the future.

It is by no means an exclusive organization, but on the contrary welcomes all men of ideas and energy. Oakland business men owe it to themselves and to the future of the city to assist the Commercial Club in this great campaign.

JUSTIFIABLE PROTEST MADE BY THE WOMEN.

The Women's Auxiliary of the Southeast Oakland Improvement Club has filed a protest against the plan to place the city corporation yards and stables between the Seventh and Eighth street bridges on the filled land of the north arm of the estuary.

This protest is timely. As related to put stables in this spot in full view of the homes of citizens, as a background to Lake Merritt and the million dollar auditorium would be a disgrace to the city. This section should be used for a park and pleasure ground and not for a barn yard.

The women who make this protest should be commended. The idea of locating a corral on land that should be devoted to park and pleasure purposes, such land being in the midst of a fine residence district, is contrary to all laws of refinement, to say nothing of decency. Oakland is just completing a mighty structure for the purpose of housing immense conventions of delegates from all over the world. To say nothing of our own people, common politeness to visitors demands providing better scenery than a stable and its environs.

MUCH IN LITTLE
for the abolition of the state senate and the proposal to represent in the house will be submitted to the voters of Oregon at the next election.
It has been demonstrated that even ground stock raising on the national forests can be brought back to use under a system of regulated grazing faster than it is now being used.

EGYPTIAN FUNERAL BOATS

It was a curious custom of the ancient Egyptians to bury their dead to the west of the Nile, at an extreme place of the valley. They believed that somewhere, far to the west, were the happy regions where the dead resided. It was to that land, they said, that the departed soul would journey to enjoy eternal life. The custom of burying the dead to the west of the Nile is still observed in some of the remote parts of the Nile valley, and there are many ancient tombs to be seen in the desert.

After the death of an Egyptian the mortal remains were transported across from the east to the west side of the Nile in a special funeral boat laden, in addition to the mummy, was laden with everything that the soul might need in the hereafter, to be entombed with the body. After reaching the western shore a procession would be formed to march to the tomb. At the entrance the final rites were performed and the body with its accompanying treasures was sealed inside the sepulcher.

In addition to its use in the burial ceremonies the boat had another use that was considered by the ancient Egyptians to be a very important one. That was to serve the soul after death. A boat was necessary in order to reach the "happy isles" of the dead which they believed were separated from the world of the living by a broad expanse of water.

So important a part did the boat play in the burial ceremonies that in most cases a model of it was made and placed with the body in the tomb or sometimes a picture of the boat was painted on the coffin. It is not uncommon to find in ancient Egyptian tombs of 4000 or more years ago a little model of a boat along with the treasures and usual furnishings. In some of the painted representations of boats are shown, in addition to the mummy, treasures, food and drink for the dead, furnishings of the tomb, etc.

A FEW SMILES

When she returned from her long stay at a resort hotel, she received him with an icy demeanor.

"I'm going to give you back our engagement ring," she said. "I love another."

"Will you give me his name and address?" he inquired, as he took the ring. "His address?" she exclaimed in surprise. "What are you going to do? Kill him?"

"No, indeed," was the reply. "I want to sell him this ring."—Lippincott's Magazine.

In the happy past John Henry was madly in love with Gladys May, but there came one of those silly little quarrels and the fair one told the youth to leave her papa's porch.

John Henry did so. Moreover, he kept on going, and it was something like ten years before he returned to the native haunts he knew so well.

At a ball one night he met the beautiful Gladys May, married now, and it was with maternal condescension that she elected to look upon him.

"After ten long years we meet again, Gladys," said John Henry, eagerly stepping forward to take her hand. "I trust that you still remember me."

"Let me see," mused the fair Gladys May, with an indifferent expression. "Was it you or your brother who used to be an old sweetheart of mine?"

"Really, I don't know," came back the cruel response of John Henry. "Probably it was my father."—Pittsburg Dispatch.

BULLET IN CHASE STOPS AUTO THIEF

Pursued, Victim Abandons the Machine While in Motion; Hit in Hip.

An automobile chase through the streets in the business section of Oakland last night ended by the alleged thief, David Curry, being stopped by a bullet in his hip after he had abandoned the automobile in which he was fleeing, leaving the machine while it was still in motion and leaving it to run down the street and crash into the front of a residence.

Patrolman P. A. Kimmel took up the chase and commanded the automobile to stop. Curry, who was attempting to make his escape in a small roadster which he is alleged to have stolen at Fourteenth and Franklin streets, Kimmel fired a shot at the ground, but the bullet glanced and struck Curry in the hip, bringing him down. Dr. Reine and Kimmel hastily loaded Curry into the automobile and took him to the Reine hospital, where Dr. Reine extracted the bullet and bound up the wound.

Kimmel saw Curry driving along Seventh street at Franklin and started in pursuit. He met Dr. Reine, jumped into his car and told the physician to disregard the speed law in catching Curry.

Dr. Reine overhauled his quarry near Eighth and Alice and Curry, seeing that his machine was out-classed, abandoned it while it was still in motion and made a run for an alleyway. He was stopped by Kimmel's bullet.

Curry gave his address as the Dewey Hotel in San Francisco. The automobile was the property of Mr. Warren D. Allen, 2715 Webster street, Berkeley.

HEWLETT IS OUT; HELD ON BONDS

Returns to Los Angeles to Answer Charges of Gernon.

LOS ANGELES, Sept. 15.—Attorney Eugene E. Hewlett arrived in Los Angeles late last night a free man and ready to answer the charges made against him by Reginald H. Gernon of having obtained from him \$35,000 by false pretenses. Hewlett was released from custody while on route from Denning, N. M., to this city on \$5000 bonds, given this afternoon by his father, Frederick Hewlett, and Edward J. Bowen in Justice Frank S. Forbes' court.

Attorney Earl Rogers, who was retained by Hewlett senior, promised Justice Forbes that he would have Hewlett in court today or Wednesday.

Detectives McCann and Williams, who first took up the search for Hewlett, yesterday admitted that the case against Hewlett has taken a strange turn. Once Detective Williams heard from Gernon by telephone, but for the rest of the day the police were unable to locate him. Attorney Jeff Chandler, who up to yesterday was thought by the police to be Gernon's attorney, denied that he had anything to do with the case. When Detective McCann attempted to learn through Howard E. Huntington the whereabouts of Gernon, he was met by a clerk and informed that Huntington had left for Europe.

With Gernon missing and Chandler's statement that he had not been employed by Gernon, the detectives admitted that they were at a loss, and were unable to discover if Gernon was being backed by some one in his charges against Hewlett or if he had made the charges of his own accord.

Frederick Hewlett, following the arranging of bonds before Justice Forbes, refused to discuss his son's case. Hewlett senior, however, declared that he had not seen Gernon, and stated that his son was not guilty of the charges brought against him.

PLUNGE ENDS LIFE.
SAN FRANCISCO, Sept. 15.—Henry G. Curry, 55 years old, living at 1202 McMillan street, ended his life yesterday by plunging from a story through the light well of the Western bank building, 830 Market street. Dr. Austin L. Curry was unable to explain his brother's action. Curry was single and had been retired from business for several years.

HOW TO TEST YOUR EYES

A SIMPLE TEST FOR NORMAL EYESIGHT.

An eye test that costs but five cents and is worth the price aside from the value of the test is a moving picture show. If you can see through an eye glass program without your eyes aching or feeling dry and tired and without feeling an inclination to open and close them frequently, and if an hour later, or the next morning, your eyes feel perfectly smooth and easy, there is nothing much the matter with them. If, however, after such a program your vision is dim, your eyes feel dry or irritated or burn or itch or ache or feel overworked, try this prescription:

Optima 5 Grains (1 tablet).

Water 2 ounces.

Dissolve the tablet in the 2 ounces of water and use as an eye wash four or five times a day. This application relieves the tired feeling, seems to lessen the stress or strain and makes your eyes feel smooth and fine. It is a boon after an evening at the moving pictures or after a hard day's work where you have used the eyes incessantly. Irritation, inflammation and many minor eye troubles are greatly benefited and sometimes wholly cured by the use of this prescription. If you wear glasses, try it. You may, to your own surprise, find that you do not need them. Glasses bought at cheap stores without scientific adjustment to the eyes, or glasses worn too long without readjustment at often times not only absolutely unnecessary, but positively injurious. The use of this prescription may give you a favorable opportunity to judge whether or not you need glasses. It is a simple home remedy that has been used by hundreds of thousands, and among its users many regard it as an indispensable part of their daily toilet. Any druggist can fill this prescription promptly.

VALLEJO AND MARE ISLAND

HYATT'S ORDER IS DISOBEYED

Vallejo Principal Says Pupils Can Discuss War, Despite Edict.

VALLEJO, Sept. 15.—Prof. Carl H. Hyatt, principal of Vallejo High School, has thrown down the gauntlet to State Superintendent of Public Instruction Edward Hyatt, who has issued an edict forbidding the school students of California from discussing the European war during the period devoted to Current History, and the various phases of the war will be discussed whenever the students of the Ohio-state school desire to touch on the greatest event in modern history.

Addressing the student body of the school yesterday afternoon, Prof. Hyatt said: "The press of the state has recently given space to what purports to be an order from State Superintendent of Public Instruction Mr. Edward Hyatt, calling upon the students of the state to refrain from discussing the present situation in Europe. I can hardly believe that Mr. Hyatt has been correctly quoted, for he has it in his power to issue an edict forbidding the students of the state, who are naturally of a counter nature, and not particularly desirous of being placed under mental guardianship, to discuss the European war. There are in the United States to-day hundreds of schools in which courses in Current Events are given with most satisfactory results to the pupils."

Superintendent Hyatt's order is the result of President Woodrow Wilson's refusal to discuss the European war, and to discuss the European war.

the space at the north end of Bulkhead No. 2, the members of the city council yesterday morning inspected the big structure being built by the Healy-Tibbitts Construction Company, and at the meeting of the council Wednesday morning some action will be taken in the matter.

AUXILIARY MEETS.

VALLEJO, Sept. 15.—An enthusiastic meeting of Mary Craig Lawton Auxiliary of the United Spanish War Veterans, held at Veterans' Hall, Saturday afternoon, the recently elected officers were installed by Department Senior Vice-President Mrs. Boss of Oakland, assisted by Mrs. McFarland and Mrs. Atkinson of the same city and Mrs. Weston and Mrs. E. J. Manning of Vallejo.

MAKES RECORD CATCH.

VALLEJO, Sept. 15.—Charles A. Pracht, a local sportsman, made a record catch off the lighthouse south of the Sperry Mill, Sunday afternoon, when he landed a 44-pound sturgeon after three-quarters of an hour fighting with the fish. The sturgeon measured five feet across and is one of the largest ever caught in the bay.

MARE ISLAND NOTES

MARE ISLAND, Sept. 15.—The cruiser San Diego arrived at the southern city of that name Sunday direct from the Mexican war zone, and after a few days' stay at San Diego will leave for Mare Island, where she will arrive Saturday, according to present plans of the Navy Department.

While the San Diego is at Mare Island she will undergo a number of alterations, and when she leaves the station this fall she will be in first-class fighting shape.

Acute Articular Rheumatism

Relieved by Anti-Kamnia Tablets

The exact cause of rheumatism is unknown, though it is generally believed to be due to an excess of uric acid in the blood. It may be also said with equal truth that no remedy has been found which is a specific in all cases. In fact the literature of rheumatism shows that there are but few drugs which have not been given a trial. In the hands of one observer we find that a certain drug has been used with the utmost satisfaction; others have found the same remedy to be a great disappointment. All physicians, however, agree that every method of treatment is aided by the administration of some remedy to relieve the pain and quiet the nervous system and Dr. W. S. Schmitz expresses the opinion of thousands of practitioners when he says that Anti-Kamnia Tablets should be given preference over all other remedies for the relief of the pain in rheumatism. These tablets can be purchased in any quantity. They are also unsurpassed in headaches, neuralgias and all pain. Ask for A-K Tablets.

performing patrol duty in Mexican waters for some time past, has been ordered to Mare Island for her annual fall repairs and docking.

The hull department estimates have begun figuring on the new torpedo boat destroyers which were recently authorized by Congress.

Now that the cruiser San Diego has arrived at San Diego, it is expected that Assistant Naval Constructor James Reed Jr., U. S. N., will leave the man-of-war and come to the local naval station for duty as assistant to Naval Constructor H. M. Glendon, U. S. N. Constructor Reed was formerly on duty at the Bremerton station.

The navy collier Nanshan arrived at Mare Island Monday morning from the Mexican coast to take on some stores. From here the fuel carrier will proceed to California City to load on coal for the Mexican patrol fleet.

The navy collier Jupiter with a steel coal barge in tow passed North Head yesterday on her way down the coast from Bremerton to California City.

Another ship from the Pacific torpedo boat fleet is now at Mare Island, where she will remain for at least two weeks undergoing repairs and alterations. Mare Island captain the Union, but works for docking and repairing the army transport Sherman, and this was learned when the bids were opened Monday morning.

The destroyer Paul Jones leaves Dock No. 2 at Mare Island today, and the mosquito craft will depart from the station before the week is over for San Diego.

Captain L. S. Willis, U. S. M. C., formerly attached to the Mare Island Marine Barracks, but now on duty at Camp Howard, near San Diego, has received his commission, according to advices received at the local navy yard today.

Mare Island officers and enlisted men have been invited to attend the annual Army and Navy field meet, which will be held at Golden Gate Park, San Francisco, on Saturday, the 20th instant.

Naval Constructor T. Fritz, U. S. N., will resume his first tour of duty at Mare Island next Monday after 15 days' vacation.

LUDWIG ENGLANDER, COMPOSER, IS DEAD

NEW YORK, Sept. 15.—Ill for many months from heart malady, Ludwig Englander, noted as composer of opera bouffe and operettas, is dead today in his home at Far Rockaway. He was 63 years old.

Following his first success in writing for production in English, Englander composed music for "The Twentieth Century Girl." Then came "A Round of Pleasure," in which Rogers brothers appeared.

Later he wrote "A Daughter of the Revolution" for Miss Camille d'Arville, "The Caliph" for Jefferson de Angella, "Half a King" for Francis Wilson, "The Little Corporal," "The Monks of Malabar" and "The Rounders" for Thomas Q. Senhrooke, "In Gay Paris" for Miss Mabelle Gilman, "The Casino Girl" for Miss Virginia Earle, "Sally in Our Alley" for Miss Marie Cahill, "The Belle of Bohemia" for Sam Bernard, "The Office Boy" for Frank Daniels, "A Madcap Princess" for Miss Lulu Glasgow, and "The Two Roses" for Miss Fritz Scheff.

MISS EVELYN MAILOTT, AN ATTRACTIVE MEMBER OF THE OAKLAND ASSEMBLY.—Barrows photo.

AFTER study hours the girls at Miss Ransom's school are sewing most industriously. They are to give a costume dance Saturday night, with all the costumes designed and made at home, or rather, at school.

All sorts of quaint and pretty effects are planned. Most of them secretly, to surprise the party. Or two and three will be in the secret, to sew together.

There will be no dashing young bachelors of the college set, or any set for the girls to dance with, but entrancing young men will be there in Romeo costumes or as gay Pierrots, entrancing young men for the evening.

In the morning they will be once more demure undergraduates of Miss Ransom's school.

Down in Santa Barbara there may be ideas for the party. They've given several costume dances in the Montecito set, and in the careless, laissez-faire manner of the south they wear the same costumes to all of them. But they were good ideas in the beginning. As a matter of fact, since they were there, there is no reason why they shouldn't persist through this season.

For example, Harry Chickering made a hit as a Chinese mandarin at the first ball of the season, and he's worn the costume at every one since. Why not? Frank Proctor was a successful Pierrot at the first party and continued his success at the others.

A gown worn by Miss Eleanor Park was more original—made of newspapers—and Miss Park represented the "Morning News." She was cubist in effect, with dashing angles in the costume and piquant paper cap. Head lines made striking borders. However, the girls who might copy her idea would be busy with scissors and paste instead of needles, and couldn't be said to be sewing madly.

EMMONS-COGAN WEDDING.

Miss Marjorie Emmons has set the date for her wedding to Albert Cogan for October 14th, at the Emmons' residence in Alameda. It will be a large and elaborate affair for which invitations will be sent out next week. Miss Gladys Emmons, who is en route home from Europe, will be one of her sister's attendants, and the others will be Miss Gertrude Emmons, Miss Marjorie Cogan, Miss Helen Cogan, Mrs.

Betty Funston and Miss Ida Combe of San Francisco. Little Jean Hugheson and Marian Greenlee will be flower girls. John J. Danovon will be best man. About 200 guests will be present.

RETURN FROM DEL MONTE.

The golf season at Del Monte is over and many of those who spent the week there returned yesterday. One of the best of the season was Miss Ernestine McNear, who was with the C. O. G. M. and who was one of the most admired belles at the dances. Among the best of the season was Miss Leslie Miller, who will be one of the winter's debutantes.

Miss Marie Louise Dixon was another belle of the season at Del Monte and Miss Josephine Johnson took a prominent part in the sports and social diversion.

Mr. and Mrs. Melvin Whitman, who remained over for the golf tournament will leave for New York soon, to spend the winter at their Fifth Avenue residence.

ENTERTAIN AT BRIDGE.

Mrs. John W. Stetson and her daughter, Miss Laura Hartow, have been entertaining at a series of bridge parties at their home in Lenox avenue. The first was given last Wednesday afternoon, when the guests included Mrs. John McElroy, Mrs. Frank Greenwood, Mrs. Samuel S. Shepard, Mrs. George Hatch, Mrs. A. L. Hamilton, Miss Margaret Bradley, Miss Mrs. E. W. Stetson and others.

Mr. and Mrs. Melvin Whitman, who remained over for the golf tournament will leave for New York soon, to spend the winter at their Fifth Avenue residence.

TO RETURN SOUTH.

Mrs. William Jones and her sister, Mrs. E. H. Jones of Los Angeles, who have been visiting their parents, Professor and Mrs. Albin Putnam in Berkeley, will leave for their southern home this week. Last Friday afternoon Mrs. Putnam entertained a few friends informally at tea in honor of her daughters, who as Miss Anita and Miss Florence Putnam were favorites at the Berkeley set.

DUTTON RECEPTION.

Dr. and Mrs. Charles Dutton have sent out invitations for the reception and luncheon to be given at the Tenth Street Club on Friday evening. The affair is planned in honor of Mr. and Mrs. Dutton of San Francisco, who recently returned from abroad, and Mr. Dutton, who is a singer and pianist of distinction, will give an informal program of music. The Duttons' reception are always elaborate and beautiful affairs and for this

Open Doors of the Heart

IN the old fashioned days our grandparents used to go to board their family treasures within their doors and many chambers, called parlor, which were the heart of the home, and the warmth of the hearth and the sweetest of the breeze in honor of distinguished guests.

Some folks are still attempting to regulate their lives and lives in the modern world. They do not understand the real sweetness of life.

It is surely mainly to place the best things in the household in one room and then seal the doors to others.

A woman to gather up all of her virtues, smiles, and kindly words and seal them within the heart. The place for them is in the open where they can bring joy to others.

It is one of the most beautiful things in life to be beautiful and let others enjoy it. Beauty becomes more than skin deep when the face reflects the sweetness behind it, when the smile is warm, sympathetic, and kindly words are the goodness of the heart.

The rose freely offers its fragrance to all who approach it and is beloved by all. The man or woman who shows the fragrance of his or her smiles and kindly words upon all is like the rose. The affection and sympathy of those about us make life worth while.

We owe it to the world to make others happy and in the payment of the debt we are rewarded with an abundance of happiness.

We will neither be happy or contented while we have closed the doors of our hearts closed. Open all the doors and windows, let in the sunshine—and share your happiness with others.

Answers to Queries.

S. B.—If the bone is large there is no way of making it smaller. The only way to make the ankle appear smaller is to wear high shoes. Never wear low shoes if you wish to cultivate a slender ankle, and above all, do not wear pumps. Practice this exercise each night and each morning: Stand on the tips of your toes and bend the knees as far as possible, still keeping on your toes. Repeat this several times. This is a splendid exercise for strengthening the ankles.

JACK E.—There is nothing that will take the natural curl out of the hair. Each night before retiring rub vaseline well into your scalp. This will remedy the dry condition of your hair. Massage will also help.

BLONDIE.—Indeed peroxide will make the hair lighter, but it will also ruin your hair. Don't bleach your hair. I cannot give you a formula or directions for using a hair bleach. Your hair will be

come dry, brittle and streaked. Better leave it asburn instead of trying to make it blonde. After the hair is bleached it will become its natural color at the roots, and the ends of the hair will remain light.

GRACE.—If you wish to reduce about twenty-five pounds I would advise exercise and diet. This is the safest and most effective way of reducing flesh. Nothing is better than exercise. Walk from three to five miles a day; be careful of your diet. Don't starve yourself, for this is injurious to the health. If you wish to omit one meal a day, make it the luncheon. Do not eat greasy rich foods; eat little meat and take no coffee or milk. If you drink tea, drink it without sugar or cream, adding a little lemon juice to it. Vegetables and salads may be eaten and fruit. Sleep only seven hours a day. If you will send me a stamped addressed envelope I shall send you a complete dietary for reducing flesh.

CONSTANT READER.—Do you clean your nails with sharp steel instruments? This would make the skin under the nails rough and cause them to look yellow and soiled. The best way of cleaning the nails is with an orange wood stick with cotton wound round the end of the stick. Dip this into warm, soapy water and run under your nails. To bleach the nails, dip another orange wood stick with cotton wound around the polished end into peroxide of hydrogen and run under the nails. I shall be happy to send you directions for manicuring if you will send me a stamped, addressed envelope.

Miss Mabel Thomas, will share honors at a large bridge tea at which Miss Genevieve Thompson and Miss Madeline Thompson will be hostesses tomorrow at the Thompson residence in Kempton avenue, Piedmont.

VISITING THE SOUTH.

Miss Neville Stevenson is the guest of her cousin, Mrs. J. M. Smith, in Los Angeles. She will be the guest of friends in Hollywood and in Palo Alto before returning to her home Vernon Heights the middle of October. Miss Stevenson returned from a visit to Yosemite with her mother, Mrs. A. W. Stevenson.

LEAVE BERKELEY.

Mr. and Mrs. W. C. Morrow who have been living in Berkeley for the past year, have returned to San Francisco and are occupying a residence in Sacramento street for the winter.

HONEYMOON IN SOUTH.

Mr. and Mrs. William Martin whose wedding took place last Saturday evening, have gone to Los Angeles to spend a two weeks' honeymoon. On their return they will live in Oakland. Mrs. Martin was formerly Miss Irene Andrade of Oakland. The wedding was a pretty affair at the home of the groom's parents, Mr. and Mrs. A. S. Dutton in Elmhurst, that had been elaborately decorated for the occasion. About 50 guests were present.

OAKLAND ASSEMBLY.

Invitations are out for the first dance of the Oakland Assembly to be given at the Edibel Club on September 25. About 150 members will be present and the affair will be one of the enjoyable dances of the month.

BIRTHDAY PARTY.

Mr. and Mrs. A. Jacobs entertained at their home in Pacific avenue, Alameda, Sunday evening in honor of the twenty-first birthday of their son, Nelson Jacobs. About thirty young people from Oakland and Alameda enjoyed the occasion.

DINNERS PRECEDE DANCE.

A number of informal dinners were given preceding the dance of the Tuesday Night Assembly and the Utopian Club, the New Bay View, Friday evening. Among those entertained at dinner were Miss Jewell Estes, Mrs. Nadine de Lisle, Miss Ethel Gore, Miss Carolyn Gilman, Miss Evelyn Van Schwyder, Miss Mary Gordon, Walton de Pelham, Weston Robinson, Martin Kline, Robert Vose, Leslie Fletcher, Mr. and Mrs. W. H. McQuinn, and Mrs. Van Schwyder. Captain and Mrs. Arthur Robinson, and Mr. and Mrs. Charles Orr. The next dance will be given on the evening of October 5.

RETURN TO MARE ISLAND.

Miss Janet Crane and her sister, Miss Frances Mason of Norfolk, Virginia, who have been visiting in Berkeley, will return to Mare Island with the U. S. S. Crane on the 20th of September.

Miss Mary will leave for her home in the South the first of October, and will be accompanied by her sister, Miss Evelyn, daughter of Captain and Mrs. Arthur Robinson, and Mr. and Mrs. Charles Orr. The next dance will be given on the evening of October 5.

CONVICT RUNS GAUNTLET OF RIFLES

MARINE BILL IS ATTACKED IN HOUSE

Five Republicans and Two Democrats Sign Minority Report.

WASHINGTON, Sept. 15.—Declaring that the establishment of government owned steamship lines is a direct attack on the invested capital and would mean the ultimate destruction of steamship lines which the ingenuity and wisdom of a deserving class of citizens have built up and maintained in the carrying trade of the United States seven members of the committee on the Merchant Marine introduced today in the House a minority report on the merchant marine bill which was framed to meet conditions arising out of the European war.

The report is signed by five Republicans: Green, Mass.; Hinds, Maine; Curry, California; Brimmonds, Penna.; Parker, New York; and two Democrats, Souder, Va., and Thacher, Mass.

"The bill," continues the report, "would, if it became law, stifle all commercial enterprise and turn over to the government itself the power to control a merchant marine, which power could, it is asserted, be extended and enlarged so long as money remained in the treasury and as much longer as Congress should provide by taxation to replenish the treasury."

NO EVIDENCE OF GAIN.

"The purchase of foreign steamships now used in the foreign trade," says the report, "would not increase the number of vessels now available for the over seas trade, even if they were granted an American register and no evidence has been produced that there are now more vessels available for use in the overseas trade than could be used advantageously in transporting merchandise to the various markets of the world, and it is distinctly claimed that there is now ample available tonnage. Therefore, there can be no emergency that calls for government owned lines to take care of the products of American labor and American capital."

Granting that the situation seemed to warrant the introduction of a bill to meet the emergency due to the war, the report says, "The bill itself goes much further than the line of emergency and opens up the whole question of the development of an American merchant marine by proposing an absolute scheme of government ownership involving an expenditure of many millions of dollars, which cannot fail to demand an increase of taxes which would have to be borne by the American people."

ENTIRE VENTURE.

The signers of the report charge that the bill did not receive sufficient consideration at the hands of the committee, and say that more extended hearings might have revealed some definite practicable system of action.

Alluding to the vital need of an American merchant marine, the report adds:

"The mere buying of such vessels of foreign construction as must be purchased while the foreign war continues would be but the first step in a new and untried venture—an experiment of doubtful expediency—which should not be undertaken without serious consideration."

"The establishment of steamship lines is a business proposition. It is not a political undertaking. The committee examining this bill with care they will fail to discover therein a single definite business proposition."

Ninth Satellite of Jupiter Discovered at Lick Observatory

UNIVERSITY OF CALIFORNIA, Sept. 15.—Jupiter has nine moons instead of eight, and the credit for the discovery of this interesting new astronomical information belongs to Dr. S. N. Nicholson, instructor in practical astronomy of the university. The satellite was successfully photographed by Dr. Nicholson on July 21, using the great Cressy reflector at the Lick Observatory.

According to an announcement at the university, there is no danger of the new companion of the great planet being lost again. By photographing the region about it with long exposures, a process now being carried on, the orbit will be exactly computed and the satellite will become as fixed in astronomical lore as its eight sisters. This is the fourth planetary satellite that has been discovered at Mount Hamilton.

WHEAT RALLIES AFTER REACTION

End of War, Long Way Off, Causes Jump in Prices.

CHICAGO, Sept. 15.—The decline in wheat prices, based on reported successes of the allies, was checked this morning on the Board of Trade.

May wheat, which closed at \$1.11 1/2 yesterday, sold to \$1.15 in the first fifteen minutes of trading.

Belief that selling had been greatly overdone and that the end of the war was most likely yet a long way off, led to a decided rally today in the price of wheat.

After opening 1/2 to 2 cents higher the market reacted a little, then rose as much as 3/4 cents net, May touching \$1.15, against \$1.13 1/2 last night.

Corn ascended with wheat and as a result of a bullish estimate of the Iowa crop. The opening, which ranged from a shade low to 1/4 advance, was followed by an all-around gain of more than a cent.

Active export demand lifted oats. At one time the December option showed a jump of 2c.

Grain strength carried provisions higher. Offerings were light.

Another storm of selling began before the session was half over and prices broke to a lower level than at the worst of the semi-panic of the day previous. May wheat fell back 4 cents to \$1.11. The new decline was due to reports of the surrender of a German army under the command of General Von Kluck.

Subsequently reports of fresh defeats of the Germans in France brought about a radical setback in prices.

The market went lower than at any time yesterday, but again recovered, being helped by news of a German victory over the Russians.

The close was strong, 2 3/4 to 2 1/2 above last night.

Later, the revival of peace talk brought about a decided down turn, but the effect failed to last. The close was firm at 1 1/2 to 1 3/4 net advance.

FALLS FROM CAR

Alighting from a Diamond car at Thirteenth and Broadway last night, Mrs. F. L. Moore of 323 Nineteenth street slipped a step and fell to the pavement, sustaining a fracture of the right arm and additional bruises. She was removed to the Receiving Hospital, where her injuries were attended to by Steward Davidson.

CUT WITH CLEAVER

Engaged in cutting meat this morning, Fred W. Ott, a butcher, was seriously cut on the left wrist. He was taken to the Emergency Hospital, where the wound was dressed by Dr. Dowdle.

MILLIONAIRE HOWELL IS INSANE

Josiah I. Howell, Prominent Realty Broker, Inmate of Agnew.

SAN FRANCISCO, Sept. 15.—Since September 1 Josiah I. Howell, millionaire realty broker of the firm of Baldwin & Howell, has been an inmate of the insane asylum at Agnew, Santa Clara county. The news of his commitment, which will come as a distinct surprise to the business world as well as to many members of local society, was revealed today when an application was made for letters of guardianship by Mrs. Gertrude Dutton Howell, wife of the broker, who desired to be placed in charge of his enormous estates. Mrs. Howell resides at the Fairmont Hotel. She recites in her petition that the only other relative of Howell is a sister, Mrs. Flora Bruner, of 893 Bush street.

Howell is one of the best known realty experts in this city. For many years he has been a senior partner in the firm which carries his name. A man of but 47 years, he has always been looked upon as a clear thinker and an expert appraiser of land values. For some time it is understood his mind has been slipping and with the utmost secrecy the first of this month he was examined by the insanity commission. The alienists decided that it was best for him to be taken to an institution and accordingly Superior Judge Dunne signed the commitment.

SOUTHERN PACIFIC TO HAVE EXHIBIT

Model Freight Engine and Paintings Display at Exhibit.

Among the displays in the "Where Ship and Rail Meet" division of the Alameda county exhibition and carnival at the fair grounds, the combined auspices of the civic and commercial organizations of Alameda county, from October 3 to 18, will be that installed by the Southern Pacific railroad.

Features of this display will be panoramic views along the lines of the railroad, paintings of the chief points of interest, a working model of a big freight engine as is used on the heavy mountain grades of the Rockies, an automatic block signal and other "Safety First" appliances installed by the railroad. This display is being specially prepared for the industrial exhibition at Idora Park.

Members of the Alameda county lodges of the Odd Fellows will take charge of the carnival program on Wednesday, October 14, which will be "Odd Fellows' Day." Many special events are being prepared for both afternoon and evening.

Old Cases Dropped From Court Record

The names of 20 "absent brothers" were called before Superior Judge Ogden today in the criminal court. There were 15 bench warrants issued, while two names were dropped from the calendar in the continuance of the cases for six months.

Robert E. Graham, who escaped from the county jail with Robert Bradley, murderer, a year ago, was dropped from the calendar. There is still a warrant out for his arrest. The name of Fred Schwartz, who escaped from the custody of Sheriff Barnett while being brought back for trial from Jacksonville, Fla., several months ago, and later met death in the East, was scratched from the list upon testimony of Sheriff Barnett that he had received positive information of his death.

Child Dead in Arms, Young Mother Weils

Refusing to believe that her 4 month old baby boy was dead, Mrs. Ella Webster, 19-year-old bride of Clyde Webster, 2823 Grove street, created a pathetic scene in the emergency hospital this morning and would not allow the infant to be taken from her arms.

"Oh, bring back my baby," she frantically appealed to Dr. E. Z. Dowdle, while nurses and attendants looked on sadly. It was not until the arrival of her husband that the young wife was quieted.

After giving the little one a bath this morning the mother played with him and bounced him upon her knee. In some way she lost her hold of him and he fell to the floor, breaking his back. The child's name was Clyde Jr.

U. S. CRUISER TO PASS BY CANAL TO ATLANTIC

VALLERJO, Sept. 15.—Word was received at Mare Island today that the cruiser Chattanooga had been ordered to the Atlantic via the Panama Canal, this morning.

The Chattanooga will be the first warship through the canal in compliance with navy department orders.

She is a third class cruiser, commanded by Captain Thomas J. Bann.

INJURED IN COLLISION

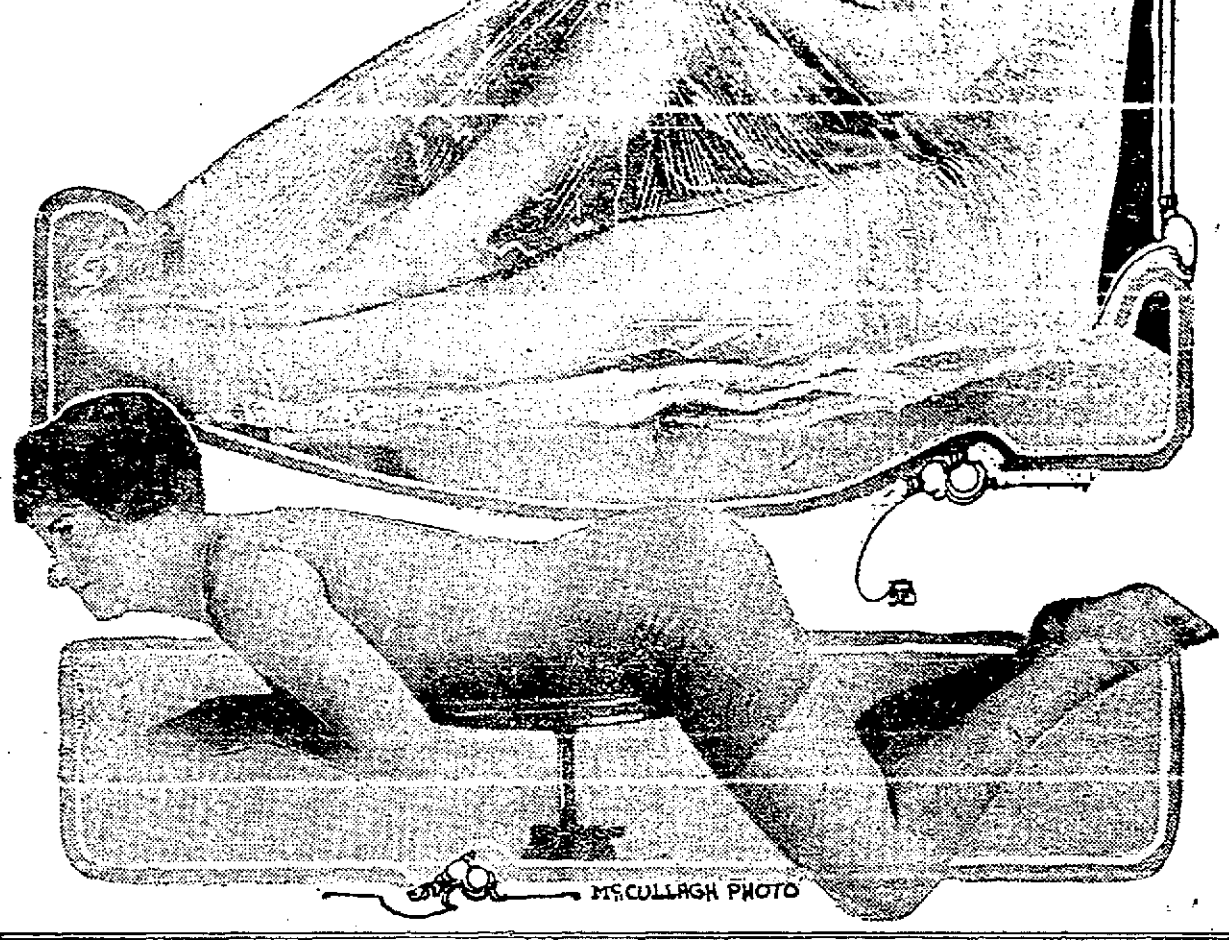

As the result of his collision with an automobile at Twenty-fourth avenue and East Sixteenth street, Henry Perrotti of 523 East Fifteenth street sustained a compound fracture of the left arm and other minor injuries. He was taken to the Emergency Hospital, where his injuries were treated by Drs. Irwin and Smith and Steward Davidson.

Berkeley Girl Is Diving Champion She Urges Swimming for Schools

Stockholm Medal Won in Olympic Games, Trophy

Though she is only 19 years of age, pretty Greta Johanson, champion woman diver of the world, who now resides in Berkeley, says that she has proved that her strength is equal to that of man, and that she displayed her superior prowess in rescuing drowning boys and girls in the municipal baths at Stockholm, Sweden. She is only five feet in height and weighs 120 pounds.

Two years ago she was awarded the gold medal in the famous Olympic games at Stockholm, where she wrested the honors from twenty-one women who competed for laurels in the diving test, when the King of Sweden was among the spectators.

Upon that occasion she demonstrated the "swan dive" which is not used in America. In her marvelous diving exhibition she received the championship alone upon her skill as a diver, but also for her grace and ease in the water.

At the age of seven Miss Johanson took her first lesson in swimming. She began with the breast stroke and was trained by means of a Swedish suspension chair, which was used in her back yard in her home in Stockholm, where she was born. Daily she practiced the strokes and at the end of several months her instructors permitted her to apply them in the municipal baths, where she daily enjoyed a plunge. Now she may be seen at the Berkeley wharf every morning, where she displays a variety of dives, among them being "The American crawl," the "trudgeon" and the "Australian crawl."

Little Greta has taken on a "coat of arms" and when questioned about the discoloration of her skin she says that is the result of bathing in "the glorious sun rays of Stockholm and California. Miss Johanson is a brunette with a wealth of brown hair, which she dresses artistically.

"I wish that swimming would be compulsory in the public schools," she said the fair maid, "as in the old country the majority of women and children know the art of swimming. I think that swimming is the finest outdoor exercise, as it brings all the muscles into action and at the same time it is not strenuous."

Alameda Firm Asks Refund From R. R.

N. Clark & Sons of Alameda, before the state railroad commission today, asked that the Southern Pacific Company be forced to refund \$9746.17. The amount represents the difference between the present rate on clay shipments and that formerly charged by the transportation companies. The railroad was forced to reduce the tariff by the commission some time ago and Clark & Sons declare that they are entitled to the lower rate on nearly 600 cars.

SPANISH WAR VETERANS TO GIVE THEATRE PARTY

E. H. Liscum Camp No. 7, United Spanish War Veterans, will give a theatre party for the benefit of their camp at the Liberty Theatre on September 24. The committee is composed of a number of veterans who have arranged the affair. The play will be given by the Bishop Players, who will appear in "The Barrier."

The object of the Spanish-American War Veterans' organization is similar to that of the Grand Army of the Republic, who aid sick comrades and their families, and attend to the funerals and burials; to keep green in the memory of the rising generation the deeds of valor performed by those who offered their lives in the defense of their country when called upon to do so, and last, but not least, to instill the principles of patriotism, liberty and truth into all those with whom we come in contact.

BREAKS FROM FOLSOM PRISON

Fired at by Guards He Escapes in the Brush on River Bank.

SACRAMENTO, Sept. 15.—Jack Callan, who was sentenced to Folsom prison for twelve years for robbery from San Francisco last July, escaped this morning and is now being pursued by posses toward Auburn.

Callan was working with a crew of convicts, stringing grey wires across the American river. He worked his way toward the brush on the river bank and then made a dash for liberty.

Three shots were fired at him by guards, but they failed to stop him.

AVENUE BIDS FOR LIBRARY BRANCH

East Oakland Folk Seek Improvements Along Newly Paved Street.

The East Oakland Civic Association will hold a meeting tonight in the Garfield school on Twenty-third avenue, for the purpose of taking steps to co-operate with the Upper Twenty-third Avenue Improvement Club in its efforts to secure a Carnegie branch library for that district.

Last night the Upper Avenue Improvement Club met in the Menzies school auditorium, and spirited addresses were made. The property owners in that locality are spending every effort to secure the library.

At the present time Twenty-third avenue is being improved by public contract at a cost of something over \$10,000. Four months ago the city street department collected over \$13,000 for the purpose of opening the avenue through to Hopkins street, and in improving the street conditions.

His Star Spirited Away at Early Morn

Policeman 101 of Oakland's finest force visited San Francisco last night. He is a sleuth, and while indeed is the criminal who can put one over on him. Nevertheless, some one stole his star while he was enjoying things in this neck of the woods. The victim is Patrolman J. H. Lavinson and his report to the Harbor police is to the effect that he lost his badge of office while running for a 1 o'clock Key Route boat. This explanation, usual in such cases, always results in much joking from fellow officers, who invariably chaff such comrades on the ability of light-fingered pickpockets to spirit away their "buzzers."

FIXES RESPONSIBILITY FOR CRASH ON RAILWAY

Concerning the accident in which a large automobile truck loaded with eggs, butter, ham and cheese, belonging to Frank M. Ferguson, the local commission merchant, was struck by a Southern Pacific electric train at Bay and Railroad avenues, Alameda, Friday evening, smashing the truck, scattering the contents, and throwing the driver, who tips the scales at 250 pounds, over ten feet in the air.

"My man tells me," said Ferguson, "that the train crew sounded no bell, whistles or any other warning as they approached the street crossing. The truck had just crossed the track when the train crashed into the rear end of it, demolishing the entire body of the car. I have twenty eye witnesses who say the train was running at a speed of 20 miles an hour, and that no approaching warning of any sort was sounded."

The automobile truck was valued at \$2500 and the damage to both car and load was quite heavy.

COUNTY DISPLAYS MONSTER EXHIBIT

Local Manufacturers Represented at Sacramento State Fair.

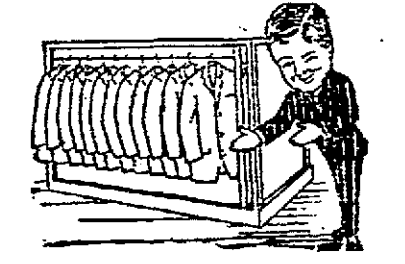

SACRAMENTO, Sept. 15.—Alameda county has two collective displays at the State Fair grounds this year, in addition to individual exhibits in various buildings, and taken together these displays show a greater variety of exhibits than from any other single county. The general county display is in the main agricultural pavilion, while the manufactured display in the annex occupies nearly half of that building. The manufactured exhibit is so large and varied that it would make a creditable exhibit for manufacturers building even without additions.

The Alameda county display is under the general charge of Colonel Theodore Gier of Oakland. The county display is under the direction of Prof. W. D. Nichols, superintendent of the exhibit, with Paul Goldenhilt, secretary of the exposition commission, assisting him. F. D. Parsons of Oakland has charge of the manufactured display.

The Alameda county display is largely floral in its decorative features, though there are exhibits of fresh fruits and vegetables, canned and pickled goods, nuts and berries and photographs, all intended to show that Alameda county is an ideal location for homes or factories, and that it is one of the leading fruit, berry and vegetable sections of California, right at the door of San Francisco, a market for such produce.

SEEK OCCUPANTS OF BURNED HOME

Investigation of Insurance Records Sets Police on New Trail.

BERKELEY, Sept. 15.—The discovery that the contents of the residence had been insured for several times their value has led the police to redouble their efforts to find Mrs. Mary H. Gregory and Peter H. Gregory, who were reported to have been in the fire of apparently incendiary origin at 3877 Wheeler street, Sunday night. Mother and son have put in no appearance since the fire, and the police are so far at a loss to learn their location. The residence contained furniture, according to the insurance records, valued at \$500 and \$1000. It was insured in the Connecticut Fire Insurance Company for \$2000. The police have been recently taken out. Investigation by the police showed that the residence had been deliberately set afire. The fire was reported to have been in the walls in several rooms and kindling added to it, the whole soaked in kerosene to make it burn more readily. The prompt discovery of the fire by Patrolman Putzker alone prevented the building from being a total loss.

AGED ALAMEDA PIONEER SUMMONED BY DEATH

ALAMEDA, Sept. 15.—Peter Kline, one of the oldest residents of the city, died this morning at his home, 1522 Lincoln avenue. Kline had been sick but a short time and his death came as a severe shock to his many friends. He was over 85 years of age and had lived in this state for sixty-two years. Twenty-eight of which had been spent in Alameda. Kline was the husband of the late Caroline Kline and the stepfather of H. E. Hoffmann, Mrs. F. A. Wenzel and the late Mrs. G. H. Stolz. He was a member of Alameda Chapter No. 70, B. P. O. Elks, and the Alameda B. P. O. A. M. of Alameda. He was a native of Germany, having come to this country with a party of immigrants in the pioneer days.

U. C. Editor Tells Students Plan to Teach Professors

UNIVERSITY OF CALIFORNIA, Sept. 15.—How to beat the "crunch note" is the theme upon which Editor Harry L. Dunn of the student Daily Californian expatiates in an editorial this morning. Dunn points out that the crunch notes, which betoken the proximity of failure of students in various courses, are due within a week. His hints are to assist backward students in getting by the ordeal. Here they are:

ONE-SIT IN THE FRONT ROW

Two—Disagree judiciously; be even more careful to agree with discrimination.

THREE—CONFESS YOUR LIFE AMBITION

Is to follow in his line of work.

FOUR—ON THE LAST DAY BUZZ UP

and tell him "how much you've enjoyed the work."

FIVE—CONFESS WITH HIM CONSTANTLY BEFORE AND AFTER CLASS

Explain yourself if possible so as to walk part of the way to the hall with him.

SIX—IF HE IS A MERE INSTRUCTOR

always unconsciously address him as "Professor."

SEVEN—EXPRESS SURPRISE THAT HIS HOBBIES SHOULD BE THE SAME AS YOURS

Then "read up" on the subject.

EIGHT—IF ALL ENDS IN DISASTER

and you do take the "ex," write confidently, toss up an eraser on dubious optional questions and just "ream" out your stuff.

NINE—AFTER THE TEST DISCUSS

intelligently the examination questions and insidiously implant the seeds of your own ideas in his puny brain.

United States District Attorney Threatens Vigorous Action.

SAN FRANCISCO, Sept. 15.—Civil actions will be instituted against the officers of and the various lumber companies themselves operating the full length of the Pacific coast constituting the so-called Lumber Trust, if the United States Grand Jury investigating the operations of this alleged monopoly does not return indictments, according to a statement made by United States District Attorney John W. Preston.

He had just emerged from the Grand Jury room, where two of the subpoenaed witnesses for the government, Edwin T. Peterson and William Smith, local retail lumber dealers, are said to have related at length their experiences with the so-called trust. In answer to the question if he expected indictments to be returned by the Grand Jury, Preston replied:

"There ought to be. I hope indictments will be returned. There is certainly sufficient evidence on hand to warrant the return of indictments. I will bring civil suits if indictments are not returned. You can say that for me. You can also say, if you want to, that I am strong for indictments."

Preston declined to go into details as to the evidence submitted yesterday by Peterson and Smith, saying that he had been cautioned by the grand jurors not to talk too freely with representatives of the press as to what might take place within the Grand Jury room.

OAKLAND BOOST ARMY TO INVAD

Will Enter Sacramento, 500 Strong, With Literature for State Fair.

Oakland boosters, 500 strong, will invade Sacramento tomorrow armed with bundles of literature on Oakland and the bay region. All the commercial organizations will be represented and the gathering will number many of the leading business men of Oakland. The boosters will leave on a special train of the Oakland, Antioch and Eastern railway at 5:30 o'clock from Fortieth street and Shafter avenue. Stops will be made at Walnut Creek and Concord, where automobiles will be in waiting and the boosters will be shown these communities. They will be met by a committee at Sacramento and will proceed to the state fair grounds in a body, accompanied by an Oakland band.

Oakland is playing an important part in the state fair now being held at Sacramento and the Oakland exhibit is attracting much attention. The boosters leaving tomorrow will spend all of their time in Sacramento boosting for Oakland. They will return home tomorrow night.

The committees in charge are as follows:

Progress and Prosperity Committee—A. L. Gerhard, chairman; George H. Mason, secretary; E. C. Kayser and Louis Alon.

Merchants' Exchange—Wilber Walker, Robert Robertson, Harry G. Williams.

Contractors' Association—P. F. Bradford.

FRIEND OF DEAD MAN IS ARRESTED

Alexander Daparies Is Held in Connection With Murder Case.

San Jose, Sept. 15.—Alexander Daparies, friend of the dead man, was arrested yesterday and held as a witness pending an investigation of the death of Joseph Mell, 22 years old, at Sunnyvale. Mell was shot through the head. Instead of answering Mell's cries for help, Daparies ran away, according to his own story. Mell was a boarder in the home of Mrs. Nunzio Banacarro at Mountain View six months ago, when the woman was beaten to death by her husband. Anderson was beaten to death by his wife and is trying to connect the two crimes.

Mill Valley, Sept. 15.—A quarrel over a jackpot containing 40 cents led to a near murder at Manzanita when Peter Anderson slashed Olaf Gustafson across the throat with a pocket knife. Gustafson's throat was cut from ear to ear. The men are laborers, and were employed at a State Highway construction camp. Gustafson probably was provoked by Anderson, who was arrested by Marshal Chase of this city and charged with assault to kill.

Eureka, Sept. 15.—Hans Kjer Jr., aged 18, shot and killed his father and mother last night at their home in Aranda, and wounded one brother in the arm and another in the hand and face. He was subdued after a struggle with the authorities.

The Kjer family has lived a number of years in northern Humboldt county.

Sausalito, Sept. 15.—Michael Hannon, forty-four years a resident of Sausalito and a '51 pioneer, died at his home yesterday after a short illness. He leaves three children—John A. Hannon, Town Marshal of Sausalito; and William H. Hannon and Mrs. James Clark, both of Sacramento.

Redwood City, Sept. 15.—Superintendent of Schools Roy W. Cloud has announced that the meeting of the San Mateo County Teachers' Institute will be held in South San Francisco. Principal George E. Brown of the South San Francisco schools and his corps of teachers are already at work on the institute plans. This year's institute, which was held jointly with the Santa Clara teachers at Mount Hermon, took place the first part of last week.

FIRING TEST MADE. PANAMA. Sept. 15.—A complete firing test of all the guns in the canal fortifications has been completed. The test was in every way satisfactory and showed that the fortifications were properly equipped to maintain the neutrality of the waterway.

NAME DEMOCRAT GOVERNOR. PORTLAND, Me., Sept. 15.—Mayor Oakley C. Curtis of Portland, a Democrat, was elected Governor of Maine yesterday over Governor William T. Haines, Republican, of Waterville, who was a candidate for a second term, by a margin of 2700 votes, according to unofficial returns.

CONGRESS PASSES MRS. WILSON'S LAW

The Measure Abolishing Alley Slums in Capital Goes to President.

WASHINGTON, Sept. 15.—Mrs. Woodrow Wilson's wish that Congress abolish the alley slums in the national capital was fulfilled yesterday when the House passed the Senate bill which prohibits the use of dwelling houses in Washington after four years from the date of the legislation. The bill now goes to the President for his signature.

A few hours before Mrs. Wilson died she told the President that she could "go away" happier if she knew the alley slums would be wiped out. Word was sent to the capital and the House district committee promptly reported a bill carrying a large appropriation to clear the slums. The House did not pass the measure as reported because of constitutional objections. The Senate, however, passed another bill carrying out an old act providing for abolition of the slums, but cutting the time limit from eight to four years. The House accepted this as a substitute, acceptable to the White House, and it will become law.

NEW CHIEF JUSTICE HAS PLACE ON BENCH

SAN FRANCISCO, Sept. 15.—Chief Justice Matt L. Sullivan of the State Supreme Court, recently appointed by Governor Johnson to fill the unexpired term of the late Chief Justice William H. Beatty, took his place on the bench with his colleagues for the first time yesterday. Minor matters were heard by the justices sitting en banc.

In honor of Justice Sullivan's elevation to the highest judicial post in California, several friends in the city administration gathered at the court session for a few moments. Among them were Mayor Ralph, President George E. Galagher of the Board of Education and City Engineer M. M. O'Shaughnessy.
